New tutorial: Roller coaster

Maybe you have tried to create a roller coaster animation before? But the result was not quite what you expected? This tutorial explains how to create a simple roller coaster in just a few steps.

Cell phone

Nowadays, we can't do without them. Despite the annoying side effects. Recently finished and added to the gallery.

Tutorial: Bicycle wheel

Create a bicycle wheel in Cinema 4D. This step by step manual will help you understand the use of array objects.

Nursery

One of the first projects I finished in Cinema 4D. The best way to get the job done, is to create every single object in a separate file and put it all together in the end.
